

A. Stewardship Prayers

Prayer and Gratitude

Prayer naturally leads to a spirit of generosity and gratitude. By incorporating prayer into our stewardship efforts, we ensure that our gifts of time, talent and material resources are pleasing to God. Use these prayers in your parish, school or family to cultivate a culture of stewardship.

Stewards of Faith

As parents, we nurture our children in the light of faith.
As teachers, we share a sacred covenant with parents to pass on the faith.
As members of a parish community, give us the courage to witness openly to our faith.
As members of the Archdiocese, and the universal Church, may we boldly proclaim, teach and serve.

Stewards of Vocations

God calls each person to a life of holiness.
God gives us each a unique, personal role in His divine plan.
May we all respond generously to this call.

Stewards of Creation

God give us the joyful recognition of the beauty and wonder of nature.
May we recognize our responsibility to protect and cultivate the bountiful world in which we live.

Stewards of Life

God is the author of life. Teach us the astonishing and profound implications of our responsibility to love, defend, enrich and preserve life.

Stewards of All Good Gifts

God has blessed us with many good gifts.
Prepare us to share the time that we have.
Teach us how to use our talents.
Give us the humility to share our financial resources.

Praying in Parishes

Does your parish have a patron saint? A special connection to the Trinity or the Holy Family? When you pray as a parish community, place your intentions under the intercession of your patron saint, asking for his or her prayers as well.
