**Medical Considerations**

Prairie Star Ranch recommends that family members do not physically participate in activities that they/you think might put them/you at risk. If you are concerned, your Facilitator can provide you with a less physical way to stay involved. Please take into consideration pre-existing conditions such as:

If any family members have a history of heart problems or high blood pressure; are pregnant; are recovering from broken bones, dislocated joints, sprains, strains, back or neck injuries.

If you have emergency medications for any conditions impacted by high physical activities it is your responsibility to make sure they are ready and available during your participation (i.e. rescue inhalers, epinephrine pen, diabetic medication, seizure medication).
