

Statement from Archbishop Naumann – United States Supreme Court Ruling in the Case of Dobbs vs. Jackson Women’s Health Organization, Overturning Roe v. Wade Decision

The Supreme Court decision takes us back to where we were in 1973 where each state determined the public policy regarding abortion. I am grateful the Supreme Court has returned the right to the people to determine public policy that protects the lives of unborn children as well as their mothers from the tragedy of abortion.

Today’s decision inspires the pro-life community to re-double our efforts to provide love and practical support to women experiencing a difficult or untimely pregnancy. In Kansas it also elevates the importance of the Value Them Both Constitutional Amendment. I urge all Catholics and all people of good will to support the Value Them Both Amendment.
