

Parents' Prayer

Dear Lord,

We are saddened and hurt and grieve the loss of our child We do not understand and yet we know that our child is also your child. Increase our understanding and strengthen our trust in you. We are comforted by your infinite love and mercy and we are confident that our child is not home and in your loving embrace.

Use our suffering to fulfill your will. Grant us peace. Strengthen our hope such that we can see past our tears and look forward with joy to that time when we will also be able to embrace our child and share the eternal joy which our child is now experiencing with you.

Jesus, I trust in you.

Amen
